

This year's count for Long Pond was:

Basin	Adults	chicks
Upper Long	18	3
Lower Long	22	3
Ingham Pond	1	1
<hr/>		
Total	41	7

For comparison, that is up 7 adults and 4 chicks from last year (34 and 5) but pretty much right on the averages for the past 5 years (41.2 and 5.2)
